## THE BENEFITS OF THE BELLA PLUS FULL/SEMI CASSETTE PLUS HOOD AND TRAY SYSTEM

- The Full Cassette features a state of the art hood & tray fabric-protection system of maintenance free aluminum with a powder coated finish in your choice of designer colors.
- The Full Cassette design also conceals the component mechanisms and fabric when not in use so your home maintains its beautiful appearance without unsightly frames or hanging fabric to disturb the look of your property's façade when the awning is not in use.
- The "Hood & Tray" design denies bird's access to the torsion bar so they cannot build a nest under the awning's protective cover, as in traditional retractable awning designs.
- The "Full Cassette" keeps the arms & frame of the awning protected from dust and debris when fully retracted.
- The Bella mounts flush against the wall of your home, for a sleek aesthetically appearance when retracted to complement and not detract from existing architectural design.
- Extruded aluminum "hood & tray" entirely surrounds your awning fabric to completely protect your expensive fabric from the damaging effects of sun, rain, snow, ice and wildlife when your awning is retracted and not in use.
- The "internal tray" supports the roller tube, allowing the Bella Plus to have widths up to 26' 0" WITHOUT the need for center support brackets that damage fabric with friction and abrasion.
- Tension Sensing Motor: The hood and tray design allows the usage of Somfy's Torque Sensing Motor Technology. The front rail of the full cassette model will continue to close flush against the cassette housing to prevent any gaps as a result of possible minor fabric stretching. The complete closure will fully retract the awning into the protective case system keeping your fabric, retractable armature, framework and motor protected from damage due to rain, snow, ice, dust, dirt, squirrels and bird's nests.
- LED lights are available on all projections.

## TECHNICAL

Width	7' 4" - 26' (1/4" increments)
Projections	5'3" - 14'3" - (belt arms)
Operation	Motorized or Manual
Cassette Backplate	Optional (recommended on roof and soffit mounting applications)
Drop Valance	Full and Semi-Cassette (max size range 19'8" x 11'9")
Warranty	Limited Lifetime Frame Warranty
Frame Colors	White, Sand, Brown, Charcoal, Jet Black (custom color on projections up to 10' 2")
Arms	New belt arm reduces friction against metal for better performance

## OPTIONAL

The Bella Plus is available in 5 distinct standard colors to complement the primary color of your home and blend in unison with secondary colors:

White

Sand

Brown

Charcoal

Jet Black

Semi Cassette with drop valance option

Full Cassette Drop Valance

Semi Cassette option

Full Cassette option

Open full cassette option

Closed full cassette option

Belt Arms available on all projections
